ARTICULATE SOLUTIONS CEO KATHERINE FILICE SELECTED FOR ARTROOMS LONDON 2018

September 14, 2017 (Gilroy, CA): Articulate Solutions announced that CEO and Executive Creative Director Katherine Filice has been selected by Artrooms to exhibit her artwork at the prestigious International Contemporary Art Fair for Independent Artists, to be held January 20-22, 2018, at the Meliá House in central London. Filice was one of only 70 artists selected for this honor from over 1,100 applicants from around the world, and she will be one of only four representing the United States.

Katherine Filice's background includes traditional formal art training and a long career as a designer. For over 25 years, she has been the CEO and Executive Creative Director of Articulate Solutions, a creative services firm. She has received over 80 national and international awards with her team as well as awards for her own design, painting, writing, and photography. Filice's works that will be exhibited in England are pen-and-ink drawings on paper that explore human relationships through provocative symbolism and intricate ink lines.

Upon being notified of her selection to exhibit in London, Filice shared, "I am incredibly humbled to have been selected for this honor, especially after seeing the phenomenal work that was submitted by so many talented artists from across the globe. It can be difficult for emerging artists to stand out and be noticed, and I am so grateful to Artrooms for providing this unique opportunity to exhibit my work on the international stage. I could not be more excited!"

Artrooms is an innovative concept that offers independent artists the opportunity to exhibit their artworks in an intimate dimension and gives them a platform to meet international collectors and gallery directors. The 2018 Artrooms selection committee included esteemed international curators, art critics, museum directors, and art historians.

To see a portfolio of Katherine Filice's work, including the drawings that will be on exhibit in London, go to www.katfilice.com. For additional information about Artrooms and the International Contemporary Art Fair for Independent Artists, go to www.art-rooms.org.
