## ARTICULATE SOLUTIONS WINS TRIPLE GOLD IN INTERNATIONAL WEBSITE DESIGN COMPETITION

September 19, 2017 (Gilroy, CA): Adding to its collection of more than 100 national and international design awards, creative services firm Articulate Solutions recently won three Gold medals in the international 2017 dotCOMM Awards competition. The awards recognized creative excellence in websites the agency developed for the State Center Community College District, *gmhToday*, and Royal Coach Tours.

Articulate Solutions worked with a diverse range of businesses and organizations on the award-winning websites. The dotCOMM award for [State Center Community College District](#) is for a family of websites, including one for the district office as well as individual websites for each of SCCC's six campuses and centers, which include Fresno City College, Reedley College, and Clovis Community College. The websites were thoughtfully designed to provide a cohesive brand and similar functionality across all the different sites while still allowing each individual campus to have its own unique look and feel. The SCCC suite of websites won Gold in the Educational Institution category.

[gmhToday](#) is a full-color, upscale community magazine that highlights all things Gilroy and Morgan Hill and won dotCOMM Gold in the Online Publication category. [Royal Coach Tours](#) is a premier provider of luxury motorcoach transportation for San Jose, Silicon Valley, and the San Francisco Bay Area, and was awarded the dotCOMM Gold medal in the Transportation category.

Lyneé Craddock, Sales Manager at Royal Coach Tours, said, "We could not be more thrilled with the website that the amazing team at Articulate Solutions developed for our company. The clean, modern design has really elevated our brand and helped to showcase the premium services we offer. We are extremely proud to show off our award-winning website!"

Katherine Filice, CEO and Executive Creative Director at Articulate Solutions, said, "We are very proud of our creative team and so happy to share these prestigious international
