Little Elephant, Big Awards: *Elephant Garlic Christmas* Honored in Prestigious Design Competitions

May 9, 2023: Articulate Solutions recently won two significant design awards for *Elephant Garlic Christmas*, a children's picture book written by Ken Christopher, illustrated by Danny Voight, and designed by the Articulate Solutions creative team.

The book won the 2023 Platinum Hermes Creative Award, which is the highest honor in one of the oldest and largest creative competitions in the world. *Elephant Garlic Christmas* also won the 2023 Communicator Award of Excellence, again the highest honor in a prestigious international competition that is sanctioned and reviewed by the Academy of Interactive & Visual Arts.

Jason Raby, Principal at Articulate Solutions, stated, "We have truly enjoyed working with Ken Christopher and the Christopher Family Foundation to bring Little Elephant and his friends to life for kids and families to enjoy together. We're proud to share these honors with them—and look forward to more elephant adventures in the future!"

As the sequel to *Elephant Garlic* (now available on Amazon), *Elephant Garlic Christmas* continues the adventures of Little Elephant as he enlists the help of a friendly Husky dog to pull Santa's sleigh so he can join the holiday celebration in time.

###

About Articulate Solutions:
